EXPERIENCE

Hovrtek Services, Portland OR — *Web developer Intern*

March 2020 - Present

- Wireframed, developed, and styled REACT native components to maximize effectiveness and ease of use for clients
- Worked effectively with team members to develop Hovrtek on schedule
- Learned the ins and outs of a web development environment

Nike AMI, Beaverton OR — *Staff Trainer*

May 2018 - October 2019

- Trained 20+ temp workers on how to safely and efficiently operate machinery in a production line
- Maintained an average air-sole production cycle-time of 30 seconds (the average is a minute)
- Worked 12 hour nights in a fast-paced, agile warehouse environment
- Successfully connected members of the production floor community to members of the management team

EDUCATION

Epicodus programming, Portland — *Certificate for web and mobile development*

October 2019 - March 2020

- Wrote over 50 programs, and contributed over 1,000 hours of development and internship work
- Developed Skill sets in Ruby, JavaScript, REACT, Rails, and PSQL
- Learned how to use Postman, as well as CSS and HTML
- Developed communication and teamwork skills through pair programming and group weeks

TheraStar — (https://github.com/ikemanep1/TheraStar_Beta)

- Intricate REACT user interface that makes api calls to a rails API
- Implements google maps API
- User can make calls to the API directly from the site
