

Alejandro Saldana

1755 East Hill Street, Signal Hill, 90755 | (562) 743-2638 | alejandrosaldana05@gmail.com

Skills & Abilities

- Demonstrated skills and proficiency in fundamental networking concepts
- Described and organized the components required to successfully operate and manage a network installation
- Implemented TCP/IP services, addressing schemas, and utilities
- Analyzed issues and options associated with interconnected LANs and connecting them to WANs, MANs, etc.
- Organized network and system environments (DNS, Active Directory, DHCP)
- Evaluated a situation and cite advantages/disadvantages of various topologies and software for the network
- Succeeded in managing a VPN server and client data
- Configured and managed servers (Active Directory, Server 2012-2016)
- Administered Windows Firewall and physical firewalls
- Created and provisioned user accounts (Managed Domain Environments, UAC)
- Provided support to Windows client systems (Troubleshooting)
- Succeeded in setting up workstations (Imaging and Setup) and configuring peripheral devices
- Utilized various programs to capture network traffic
- Administered storage and sharing settings
- Deployed Windows apps and supported software used in business environments
- Examined general security concepts and communications security
- Analyzed infrastructure security and understood cryptography basics
- Conducted vulnerability assessments and understood why it's important
- Succeeded in analyzing logs using various tools and commands
- Analyzed NIDS/HIDS alerts and assessed the severity of the alerts
- Managed various aspects of Linux systems (Settings, Networks, Accounts)
- Utilized various commands to manage Linux files and modify their contents
- Demonstrated skills with VI, gedit, and nano for basic file editing
- Succeeded in business communication with colleagues in a business environment
- Provided instructions and trained end users on local systems
- Basic Understanding of SQL
- Demonstrated proficiency in Java and C++

Education

A.S. IN COMPUTER SECURITY AND NETWORKING | 2019 | LONG BEACH CITY COLLEGE

- Average GPA: 4.0
- Related coursework: COSA 50, COSS 271, COSN 10, COSN 225

CERTIFIED COMPUTER HARDWARE TECHNICIAN | 2018 | LONG BEACH CITY COLLEGE

- Related coursework: COSA 50, COSN 5

HIGH SCHOOL DEGREE | 2015 | CABRILLO HIGH SCHOOL

Certifications

- CompTIA IT Fundamentals Certified
- Microsoft Office Access 2016 Specialist
- Microsoft Office Excel 2016 Specialist
- IC3: Living Online Certified
- MTA: Networking Fundamentals – Certified 2018
- MTA: Windows Operating System Fundamentals – Certified 2019
- MTA: Security Fundamentals – Certified 2019

Experience

CASHIER | SUPERMEX RESTAURANTS | MAY 2014 – SEPTEMBER 2014

- Responsible for customer service, team communication, and workplace cleanup

VOLUNTEER | BOYS AND GIRLS CLUB OF AMERICA | 2012 - 2013

- Responsible for entertainment and looking after equipment
