## ABOUT

I have 7+ years of overall design experience. I am a senior UI/UX Designer and Graphic Artist with a focus on user friendly and creative designs with 5+ years of experience on both web and mobile platforms. I have experience with modern UI/UX tools (**Adobe Creative Suite, WPF, After Effects, Adobe XD, Figma, and Sketch**) and, as I have done in the past, work well with software engineering teams. Additionally, I have vast experience creating Graphic Art through digital painting or by hand, collaborating with art directors and clients.

## EXPERIENCE

### **Advantaa Computer, Irvine, CA – Senior UI/UX Designer**

MAY 2015 – PRESENT

- Built UI designs on enterprise grade hosted VDI with fully adobe suite from Photoshop to XD.
- Held close contact with the software team and had a leadership role in the management and development of the UI and UX.
- Interfaced with customers to gather feedback on the designs. Modified the UI/UX according to the feedback.
- Built animations for marketing materials with Adobe Premiere.
- Designed and helped develop the main company website.
- Worked on the same scrum and agile cycle as developers did.
