

DAVID VOYE

WEB DEVELOPER & DESIGNER

davidvoye@gmail.com

Summary

Design focused Web-Developer with over 5 years of professional experience. Highly skilled at taking design comps and transforming them into efficient, scalable and accessible code. My specialty is creating web animations and interactive UI components that take the digital experience to a new level.

Experience

Digital Producer, World Vision, 2019 - Current

- Work in tangent with developers & designers through all phases of the development life cycle.
- Create custom template WordPress sites that integrate interactive animated UI components using GSAP & ScrollMagic.
- Recent sites built.
<https://www.worldvision.org/chosen>
<https://www.worldvision.org/ignite>
<https://www.worldvision.org>
