👤 Profile

I'm well traveled mostly demoing virtual reality. I've always been a natural leader of a team, but skilled enough to work alone. The idea of innovative technology and how it impacts our future keeps me motivated. I really can do it all.

📁 Employment history

Lead Virtual Reality Demo Specialist (Promotion) at Elevate Staffing, Nationwide

December 2016 – Present

Extreme knowledge of Oculus hardware/software. I've been sent all around the world to different events. I set up the kiosks with tech and inventory. I pride in having the responsibility of training a team of BA's to run demos. Whenever an IT issue comes around I fix it. I've worked for about a year at Facebook doing the same thing with internal/external guests, but inside the Headquarters.

Event Success Coordinator (Promotion) at General Assembly, San Francisco

July 2015 – December 2016

In charge of events where I would show the event space, check the mics, speakers, set up tables/chairs, ice drinks, food, plates. Check-in guests for events. Was in control of GA's event gmail account where I would email quests and answer questions.

3D Printing Instructor at Urban Services YMCA, San Francisco

February 2015 – January 2017

I taught an after school program for High School students. I was able to create my own 3D Printing Curriculum of what I wanted to teach. Organizing field trips and guest speakers for the students. Make orders of supplies needed for the classroom. Basic CAD Design with the students and help convert files for 3D Printing.

🎓 Education

Graphic Design, City College of San Francisco, San Francisco

January 2010 – January 2013

Best Performance at GDC and F8, San Francisco

March 2017 – March 2018

2 years in a row

Sent to India, Hyderabad

November 2017 – November 2017

Was sent to work the Global Entrepreneur Summit
