

Kevin Titco

AWS Certified Cloud Practitioner

An AWS certified candidate who is on track to obtain a networking degree presents with a proven track record of being able to transition into fields with steep learning curves. As part of clinical staff, has slashed overhead costs by 16% and sought drug costs savings upwards of \$32k per year. With 5+ years in healthcare and a diverse work history that comprise of B2C sales, construction, legal, and manufacturing - I seek to leverage my unique work experience in Z Networks.
