Summary

IT support professional; completed the Google IT Support Professional Certificate - a hands-on IT support program that covers troubleshooting, networking, operating systems, system administration, security, and custom service. I am a motivated and skilled individual seeking new opportunities in IT support. Through completion of the Google IT Support Professional Certificate, I developed skills in customer service, networking, operating systems (including Windows, OSX, & Linux), system administration, and security. My training included hands-on practice in these areas. I'm passionate about continuously learning in the IT field and supporting people to solve their technical problems. I am currently studying for a CompTIA A+ certification to continue to develop my knowledge in IT.
