

# Brian Kauffman

## **FULL STACK DEVELOPER**

Lake Stevens, WA 98258

[papakauffman@gmail.com](mailto:papakauffman@gmail.com)

509-868-7726

Web Developer, competent in multiple coding languages and researching new technologies and methodologies. Highly motivated to work in a team environment. Solved problematic work processes with creative ideas, thinking outside the box, and taking the initiative to learn new technologies.

Authorized to work in the US for any employer

## Work Experience

---

### **Full Stack Developer**

Out of Site Web Creations - Lake Stevens, WA

August 2018 to Present

Building custom websites on an in house CMS including SEO, schema mark up, analytics, and detailed web site form submittal information.

### **FULL STACK DEVELOPER**

PRIMITIVE SOCIAL

2017 to 2018

Helped this young company implement processes, tools, and work flow while building custom CMS backends for their clients.

### **WEB DEVELOPER**

ZIPLINE INTERACTIVE

2014 to 2017

Built numerous custom CMS websites for a wide variety of clients. Worked on nationally recognized projects.

### **WEB/APP DEVELOPER**

Sphyra

2013 to 2014

From Android apps to custom web based reports, to a payment gateway, I accomplished a great deal to help the company grow.

### **DEPUTY MAYOR**

TOWN OF FAIRFIELD

2009 to 2014

I was in charge of the town's water supply, and assisted in the day to day operation of the town.
