Software development - HTML/CSS,  
JavaScript, Python, PHP, Wordpress

## Languages

English	French
native	B2/C1

## Formal education

University of Southern Maine  
Portland, ME  
Bachelor of Arts, 2019  
Major in Sociology, Minor in  
Philosophy

## Interests

Video game development  
Hyper comics/kinetic novel  
development  
Running  
Tennis

## Work Experience

### English Teaching Assistant

Collège la Rocal - Bon Encontre, France

Oct 2020 - May 2021

Collège Émile Littré - Bourges, France

Oct 2019 - May 2020

I coordinated students' curriculum with teachers to plan lessons that align with secondary school language acquisition objectives. Planning lessons for groups of up to 12 children at a time, from ages 11-15, taught me how to direct and maintain attention and encourage quality engagement.

### Coordinator's Assistant

Franco-American Collection

Lewiston, ME

As a coordinator's assistant I was responsible for the day to day administrative tasks of the museum collection. This entailed writing press releases, collaborating with colleagues on event planning, managing membership and digitizing collection material into museum software.
