EXPERIENCE

CYBER SECURITY APPRENTICE • CYBERPROUD • OCT 2020 – PRESENT

- 320 hours of live, hands on, immersive cyber security training.
- Practiced practical cyber security policies and methodologies applicable to cyber security job functions including security incident management, server support, vulnerability assessments, penetration testing, security auditing, data governance, and IAM.
- Utilized common cyber security technologies including Active Directory, Wireshark, nMap, SQLmap, Kerberos, VPNs, and encryption technologies.

PLATFORM COOK • UC DAVIS • NOV 2017 – PRESENT

- Prepared and cooked meals for 900 plus students in accordance with the established recipes and instructions.
- Monitored and instructed food service workers on proper food handling, serving, and dish presentation guidelines.
- Maintained HACCP documentation during food production, cooling, and throughout the service.

LEAD COOK • TRES HOMBRES • FEB 2017 – NOV 2017

- Worked the head of a line with 6 to 8 cooks at various stations.
- Used clear and concise communication in a hectic kitchen environment to align food production with front of house needs.
- Trained new cooks.

DINNER COOK • THE OAKMONT • JUN 2016 – FEB 2017

- Prepared daily meals from scratch for residents according to a monthly rotating meal plan.
- Worked independently throughout the entire process of planning, prepping, cooking, and presenting of my meals in accordance with strict corporate timelines, diet specifications, and portioning guidelines.

SOUS CHEF • JAPANESE BLOSSOMS • JUN 2013 – JUN 2016.

- Trained and managed kitchen staff.
- Produced consistent, high quality food in accordance to the Chefs requests and menu.
- Received deliveries of restaurant goods and equipment.

SOFT SKILLS

- Customer Service
- Leadership
- Teamwork
- Problem Solving
- Detail Oriented
- Critical Thinking

- Kept track of food inventory and placed produce orders.
- Maintained a clean, organized, and sanitized workstation.

PHOTOGRAPHER • LIFETOUCH • JUN 2012 – JAN 2013

- Worked with children of all ages with varying abilities as well as with the school staff and parents.
- Transported, set up, tore down, and maintained large scale camera equipment and sets.
- Maintained communication between team members, school staff, and Lifetouch management.

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY • MAR 2017 • COLORADO TECHNICAL UNIVERSITY

- Completed with a specialization in software systems engineering.
- Developed software engineering plans all the way from overview and standards to rollout and maintenance.
- Developed applications using a variety of programming tools, frameworks, and languages.
- Developed information infrastructure installation, maintenance, and security plans.

VOLUNTEER EXPERIENCE

WEB DEVELOPER • THE 2ND CHANCE PROJECT • APR 2020 – PRESENT

- Identified client's website needs, established project requirements, and made recommendations for the best possible solution based on cost and performance requirements.
- Developed a customized WordPress child theme including custom post types, custom page templates, theme template modifications, CSS, and JavaScript files.
- Manage the site as my client requests changes and additional content.
- Maintain site backups, monitor traffic, update plugins, and update WordPress.
- Provided instruction to my client on how to use plugins and navigate the WordPress dashboard.
