## EXPERIENCE

### **Delta Print Group** | Large Format Prepress Technician and Print Operator

June 2020 – Current

Created print-ready assets for a very large print company. Managed and maintained the Large Format Department, including equipment maintenance and operation, workflow optimization, team leadership responsibilities, supply and repair-part cataloging and ordering, research and development on new types of products, sign and decal installation, sign fabrication, and more. Wrote a software suite using Python to interface with online eCommerce APIs, effectively automating our online order system. Trained staff to use software and fixed bugs.

### **FS FastSigns** | Senior Graphic Designer and Print Operator

April 2018 – June 2020

Managed and oversaw the concept, design, and printing stages of sign production. Provided design, print, and production services for many high-tier organizations like the Sacramento Kings, Berkshire Hathaway, Downtown Commons, Swinerton Builders, and more. Produced high quality infographics and marketing materials using Adobe Illustrator and Photoshop. Gained expertise with large-format printing, plotting, and CNC routing.

### **Apple** | Technical Support Advisor

Jan 2018 – April 2018

Assisted customers with variety of technical problems related to iOS, MacOS, and WatchOS devices. Effectively demonstrated team-building aptitude and gained strong time management skills. Utilized advanced internal software and troubleshooted both software and hardware problems. Learned basic home and office networking.

### **Elk Grove Smash** | Small Business Owner

Dec 2015 – Feb 2021

An esports broadcasting company I founded in 2015. Managed all aspects of the business, including financials, contractors, scheduling, etc. Broadcasted video game tournaments of various sizes through large streaming services such as Twitch and YouTube Live, requiring high-level knowledge of video production, motion graphics, viral marketing, and computer-based technical knowledge.

### **NewSongs School of Music** | Music Teacher

Aug 2015 – Oct 2016

Instructed children ages 4–17 in private and group lessons. Taught musical instruments and theory, including guitar, percussion, bass, ukulele, and piano. Scheduled weekly lessons, consultation appointments, and monthly recitals. Worked with local teen charity and assisted in community live music events.

**GameStop** | Senior Guest Advisor | Oct 2014 – May 2017

**SAS Retail Services** | Merchandiser | Jun 2017 – Nov 2017

## EDUCATION

|   |             |
|---|-------------|
| <b>Cosumnes River College</b>   Digital Film Production (RTVF)            | 2014 – 2016 |
| <b>Elk Grove High School</b>   Graphic Design & Photography (TDA Academy) | 2011 – 2014 |

## SKILLS

I have many hobbies and passions, most of which involve the interaction between technology and art. I'm a lifelong musician, which helped me develop great problem-solving skills and an intuition for pattern recognition early on. I am passionate about learning most of all, and have never stopped spending my free time in search of new skills to gain, new knowledge to gather, and new people to meet. I am mostly self-taught in all areas with the help of modern resources like YouTube, online course catalogs, and in-person mentorship.

- Automation (Software control, APIs, etc)
- Intermediate Python Development
- Novice Web Development (HTML, CSS, Javascript)
- Expert in MS Office and G Suite Apps
- Extremely Strong Graphic Designer
- Mastery of Illustrator and Photoshop
- Extensive Specialist Software knowledge
  - OBS, Blender, Rainmeter, FileZilla, and more
- Skilled in InDesign
- Advanced Computer Troubleshooting
- Patient and Effective Teacher
- 100+ WPM Typing Speed
- Skilled at Adapting to Changing Circumstances
- Excellent Verbal Communication
- Extensively Trained in Customer Service
- Problem Solving and Critical Thinking

I am seeking employment with a company where I can build a career lasting more than a decade. I have learned, practiced, and employed many skills across a wide variety of industries, and implemented what I learned from each opportunity in effective and decisive ways. I am excited to partner with a company that sees potential in my growth and dedication to finding the smartest solutions I can. It is important to me that I can trust my employer to have my best interest in mind and encourage me to reach life goals.

Examples of both my creative and programming work can be found on a website I've created to serve as a portfolio. I hosted it using Wordpress, and adapted much of the CSS to create a modern blog-style website. You can visit the site at:
