Summary:

I am twenty-six years old and I can make a superior addition to your workforce. I have three years experience working as an electronics repair technician. My tasks include diagnosing and fixing cell phones, tablets, laptops, and game consoles. I'm currently managing three employees at my store. As the manager, I consistently exceed all our monthly goals and quotas. My team provides excellent customer service to all our guests. I love working in a fast paced environment because it keeps my mind sharp and motivated.

I also have three years experience as a construction laborer. My duties included driving a truck with a trailer attached, cleaning up work sites, purchasing material, communicating with homeowners, handling power tools and demolition. I'm incredibly crafty with my hands and I love to learn new skills.

Qualifications:

- 3+ years experience as an electronics repair technician
- 3+ years experience as a construction laborer
- 10+ years experience as a customer service rep
- 10+ years experience driving class C license with a clean record
