Professional Experience

Integrated Instrument Flight Control Systems Journeyman

United States Air Force, Nellis AFB, NVAug 2017 – Feb 2020

- Fully qualified and completely proficient on all Avionics tasks with over 2.5 years of Guidance and Controls experience.
- Perform scheduled/unscheduled maintenance on Instrument and Flight Control/Communication Navigation and Electronic Counter Measure Systems on HH-60G Helicopter in the United States Air Force.
- Isolate/repair systems faults, performs inspections, interprets engineering drawings, technical data and completes operational checks using special test equipment.
- Accomplish Time Compliance Technical Orders (TCTOs); inspect/validate system upgrade/modifications and analyze complex technical anomalies on aircraft.
- My goal is also to provide safe, reliable and exceptional maintenance, while ensuring aircraft stay fully mission capable and complete their training in a timely manner.

Chick-Fil-A Team Member

Chick-Fil-A, Slidell, LA Jan 2015 – July 2017

- Coordinated and assisted in placing special orders from large-scale events such as weddings and birthday events.
- Ensured facility exceeded customers, leadership and health inspectors' expectations.

- Prepared cooking supplies, ingredients and workstations when opening and closing the kitchen in a high paced work environment.
- Took initiative to learn all roles of the job to produce maximum efficiency when short staffed and busy at peak hours.
