Achievements/Tasks

- Design and architecture of a **SPA** utilizing **Javascript**, **React**, **HTML5**, **CSS3** and Google Maps **API**.
- Integration of responsive design utilizing **media queries**, **CSS3**, and **atomic design principles**.
- Establishing clean code principles, development, and work flow standards.

PROJECTS

Netflix Clone Web App - netflix-react-app-clone.netlify.app (04/2021 - 04/2021)

- Created a cloned version of Netflix web application that includes having user authentication with **Firebase**.
- Designed the application using **styled-components** and **compound components** to have a much more productive workflow.
- Large **React** based architecture, allowing any new developer to understand what's going on in each component.

Country Search App - rest-country-search.netlify.app (04/2021 - 04/2021)

- Built a **responsive** web app with **React** that uses an **API** to display all the countries in the world on the page. Users can also click on any country to see more detailed information on a separate page.
- Integrated a **search feature** to allow users to search for any country.
- Implemented a color scheme toggle feature that has **light mode** and **dark mode**.

Manage Landing Page - hermsicle.github.io/Manage-Landing-Page (03/2021 - 03/2021)

- Created a **responsive** landing page for Manage using the **mobile-first approach**.
- Designed and architected a **SPA** utilizing **HTML5**, **CSS3**, and **Javascript**.
- Integrated a horizontal sliding feature for the testimonials.

URL Shortly Page - url-shortener-shortly.netlify.app (03/2021 - 03/2021)

- Developed a **responsive SPA** for Shortly. The main feature of this application is shortening any valid URL a user puts in the input box.
- Integrated a feature to allow the shortened URL to be saved locally using **local storage**.
- Followed **clean code principles** to have a more productive **workflow**.

EDUCATION

Full Stack Web Development UC Berkeley Extension

09/2019 - 03/2020

Relevant Coursework

- HTML5**, **CSS**, **Javascript**, **jQuery**, **Node**, **Express**, **React**, **Python**, **MySQL**, **MongoDb**, **Agile Methodology**, **Web Architecture**, **Object Oriented Programming**, **Mobile Application Development**, **Web Design**.
