To whom it may concern:

I'm writing on behalf of Momsdish, to recommend Artur Simonian as a candidate for a position with your company.

Artur is a part-time worker in our video department. The work includes the set up and test of the video equipment, operating of critical camera and audio devices, and post-production editing.

Artur is a fast learner, who especially shines in his ability to manage the time schedule and meet deadlines. He is driven by an enthusiasm to learn more, often taking time out of his own schedule to study the system. He continues, day in and day out, to add creativity to our team and upbeat personality which plays a major role in our growth.

I have no doubt that he will add a great asset to any future employer.
