Sacramento, CA

I'm interested in the Graphic Design position currently being advertised on Indeed. I have been seeking an opportunity such as this for a creative position and I believe my background and your requirements may be a good match.

I have a Bachelor of Arts Degree in Graphic Design, and I continue to learn new things, gain new skills, and find ways to improve my work. I'm highly proficient in Adobe programs such as; Photoshop, Illustrator, InDesign, Premiere Pro, Dreamweaver, Lightroom, etc. As well as Coreldraw, and Microsoft Office. Through my training and work experience I have acquired valuable skill sets and lessons, some of which includes, designing advertising and marketing materials such as; brochures, logos, posters, banners, signs, product packaging, websites, booklets, stationary, and so much more.

I take great pride in the design work I create and always strive to make the best possible finished product that suits the clients needs and goals. I'm a very creative, reliable, hard working designer and a fast learner. I can work well in a collaborative team environment or individually. My career goals are to continue to learn and grow as a graphic artist while utilizing my creativity, knowledge, education and people skills to benefit my employer.

Thank you for your time and consideration,
Amber Hascall
