

Ronson D. Clay Sr.

PROFILE

Multi-raced male born and raised in Kalamazoo, MI. I received my diploma from Loy Norrix High School and earned my PC Support Certification from Kalamazoo Valley Community College. I moved from Michigan to Washington to increase my annual income range and pursue a career in the IT profession. In 2017 I attended Bates Technical College and in 2019 acquired my AAS degree in ITS. After receiving my degree, I started my own business helping to build my community. iCOMEUPALOT is a small business catering to the needs of my family and peers by providing; virtual assistance, computer support, cleaning and landscaping services for residential properties and commercial facilities.
