

MAX ANDERSON
DESIGN & DEVELOPMENT
hiremaxwellanderson@gmail.com

Hello,

I am excited to apply for the available Web Development position available at Z Networks in Marysville, WA. I believe I have the combination of practical experience, technical ability, and problem solving spirit that you are looking for. I have several years experience in both design and development to include original content design for web and print media, web development and deployment, technical drafting and manufacturing specs. I enjoy taking projects from concept to delivery as a member of a cross-functional team. I have strong competencies in Python, JavaScript, HTML/CSS, and associated web technologies. I have exposure to PHP with MySQL integration, and would be grateful for the opportunity to take a deep dive into PHP with your team.

Should you have any questions regarding my previous experience do not hesitate to reach out. I look forward to hearing from you soon to learn more about the position and how we might work together!

Best,

Max Anderson

MAX **ANDERSON**
