Dependable and goal-oriented IT Specialist with 5+ years of experience maintaining in-house IT systems and providing comprehensive customer support. With my current employer, saved workhours for a team of 3 specialists through implementing scripts to automate scheduled system patching and upgrades across servers over multiple off-site casinos.

Willing to relocate: Anywhere
Authorized to work in the US for any employer

Work Experience

IT Network Analyst

Shoshone Bannock Tribes
September 2012 to Present

- Maintained 50+ Windows computers and peripherals, including all configuring and monitoring. Worked with vendors to cut equipment costs by 15% using a 3-bid system.
- Installed 100+ desktop computers during a company-wide upgrade.
- Improved the overall network capabilities through designing and implementing new connectivity network configurations.
- Spearheaded hardware and software upgrade rollouts.
- Created the Surveillance Department backend network for 1000+ cameras and NVRs
- Maintain and oversee Access Control for over 350+ employees
