Currently, I am in the process of obtaining an AS degree from Coastline College, my degree is Cisco Networking. I've obtained the Security+, Network+ and A+ certifications. I'm very comfortable configuring and replacing PC hardware. I have experience with windows, software installation and configuration, and network troubleshooting. Continuing Education is important for me for the future and I plan to obtain a Cisco CCNA certification. I'm also interested in picking up some skills in Python, Bash Scripting, MacOS support and additionally further Networking and Cybersecurity Skills including the CYSA, Digital Forensics. Please see my CompTIA transcript:
