

MED KHALAF MATTOUSSI

JUNIOR MULTIMEDIA

PROFILE

To get to know myself from an early age, I entered the internet world from there. I have seen other classes drowning me because our world is at the peak of its evolution and therefore includes my only primary experience in achieving and contributing and developing and fulfilling the wishes of others on demand and my only goal is to " achieve the highest level of functionality

MEDIASCHOOL
2017- 2019

I also inform you that I am good at design and development, I also inform you that I am fluent in English in my field.

1 MONTH PFE INTERNSHIP:

Graphic design in the Mansouretna Cultural Association

- Creation and production of: Logo, Posters, Business cards, Advertising banners.
- Preparation and control of the layout.
- Ensure the site is compatible with different browsers.
- Optimal assembly of the different elements making up a site Internet.

TECHNICAL SKILLS

Computer programming (html, css, phpMySQL) is one of my technical skills.

And of course, I haven't forgotten that the design is the best that I have mastered and that my skills are based on some of the programs I work on (like illustrator, photoshop.indesign).

INTERESTS

One of the reasons I was most able to work was that I wanted to gain experience on an imaginary level and in fact outside of school I was working in the same job as myself. learned how to bring my clients.
