

To Whom it may concern & the entire Z Networks Team,

Hello, my name is Charles Tichenor. I'm excited to share my interest with your Graphic Design position. I'm a seasoned designer and creative professional with a passion for typography, branding and all things beautifully designed. I'm extremely confident my industry experience and creative talents fit perfectly with the job responsibilities and design duties you're looking for.

My career experiences span from graphic designer to principal creative and small business owner. Covering many creative and management positions I've been fortunate to work with non-profits, museums, large national retailers and businesses large and small. Across many industries, I've created, conceptualized, directed, designed, branded, managed and produced industry visuals and marketing files for decades.

With my engaging managerial and team building skills, I can prepare project specifications and schedules, speak to design, print and web functionality/frameworks, assess and recommend production that best fits a project or budget and communicate comfortably with team members, outside partners and vendors to discuss project details and other approaches.

In closure, I thrive under pressure, independently or within a collaborative team environment. I take pride in the designs, relationships and creative perspective I bring. With a critical eye for details and organization, I strive to inspire effective on-target designs that not only wow the team, exceed expectations! My strong listening and friendly communicative skills help make my presentations, direction and support comfortable for everyone.

I look forward sharing my extensive portfolio while learning more about this exciting opportunity.

I'm available for an interview at your convenience.

Kindest regards,  
**Charles Tichenor**
