

To Whom It May Concern:

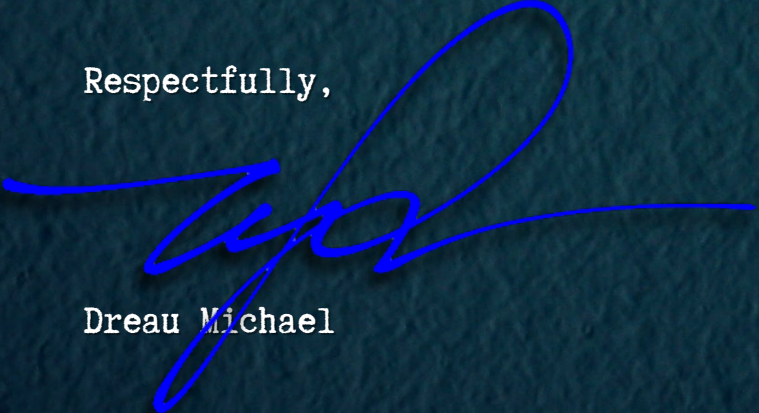

I am writing to express my interest in becoming a part of your company. I am seeking a position in which to apply my skills & unbeatable enthusiasm for working with & around creative, inspiring & competitive people.

What I would bring to the position is a combination of enthusiasm, motivation & creativity. A high quality & professional team member, from someone who has the courage to follow their heart and intuition while remaining humble and continuously wanting to learn and grown all that I can.

To top it off, my attention to detail as I work diligently to provide excellence in service for everyone & every task I encounter has earned me a reputation for my results-driven work-ethic. I pride myself on that characteristic & would continue to do the same for you.

If you go with your instincts and keep your humor, creativity follows. With luck, success comes, too. I hope to get the opportunity to speak with you personally about joining your creative team. Thank you for your time & consideration.

Respectfully,

Dreau Michael
