Hard-working web developer/software engineer with over 7 years of experience who enjoys the fast-paced environment and is experienced working with an Agile development methodology in place. Passionate about building world class web applications using Vb.NET, HTML, CSS, and JavaScript. I enjoy working in a collaborative environment with other teams as well as end users for the product we are creating. Experienced in UX/UI design for 3+ years.

WORK EXPERIENCE

FRONT END DEVELOPER/SOFTWARE ENGINEER, EANDM ELECTRIC; HEALDSBURG, CA — 2017-PRESENT

- Lead UX designer and developer for our two public facing websites.
- Work as part of the marketing team to build successful campaigns that included eye-catching responsive HTML emails and web pages.
- Participate in every step in building and maintaining company intranet web application from requirement gathering through designing mockups of the UI in Photoshop, creating the UX wireframes using Visio software, development process, testing, and deployment for features and pages that are used every day by our 100+ employees.
- Lead the onboarding process for new hires for over 2 years showing them the internal workings of our intranet site.
- Interim managerial experience for 3 months. During that time I attended status meetings for various ongoing projects, from launching an online store to building an online employee health check-in app. I weighed in on what features we would keep and which we would have to release at a later time when it came to meeting our global launch deadline for the store that holds products from seven different suppliers and over 120 thousand parts.

FRONT END WORDPRESS DEVELOPER, PBHS; SANTA ROSA, CA — 2014-2017

- Worked with designers and account managers in the development of custom responsive Wordpress sites for clients using HTML, CSS, JavaScript and PHP.
- Rebuilt older non responsive sites to fit inline with modern day web standards and technology.
- Created in-depth FAQ pages and Documentation for our products.
- Worked in the support department for 2 years, led in-depth trainings for our customers on our products.

ADDITIONAL ACTIVITIES

FAIR DIRECTOR, CLOVERDALE CITRUS FAIR; CLOVERDALE, CA — 2020-PRESENT

- As a director I work with a team and over see year round events, activities and improvements on the grounds. This year I assisted in setting up our first ever virtual citrus fair, complete with online entertainment, exhibit entries, a livestock show and a drive thru event featuring fair food.
