EXPERIENCE

Wrecking Ball Demolition, Everett — *General Labor*

June 2018 - August 2018 (Summer)

Here I was doing general labor, and learned how to operate heavy machinery. I learned how hard work pays off, and how to manage my schedule by working odd shifts and changing often.

Neobots Summer Camp, Arlington — *Counselor*

June 2017 - July 2018

I was in charge of groups of children. We taught them the basics of STEM in a safe and fun way.

JPR Construction, Shoreline — *General Labor*

May 2019 - August 2019 (Summer)

I did various tasks as a laborer and even some basic carpentry.

EDUCATION

Washington State University, Pullman - B.E.

Currently Enrolled

I am currently studying Computer Science at WSU Pullman.

Everett Community College, Everett — *AA DTA*

September 2016 - June 2018

I took classes here through running start.

Arlington High School, Arlington — H.S *Diploma*

September 2018 - June 2018

I moved here during my senior year.

PROJECTS

Neobots 2903 FRC — *First Robotics Team Programmer*

I was a member of the programming team on the First team 2903. Our robot went to the World Championships in Houston in 2017.
