971-322-0224

Summary:

Available to start work immediately, including weekends and also on call.

Work Experience:

IT Technician December 2018 – December 2020
Jake's Mobile Mix
WEBSITE | www.jakesmobilemix.com

• Added military encryption (to DotSec standard) software as a second security software to the anti-virus for the owner (GuardedID by Strikeforce Inc.).

• Upgraded main office computer (DDR3 ram from 8GB to 16GB). Added a second hard drive for backup and a SSD for the Win7 x64 OS.

Education:

Certification in Computational Investing Georgia Tech. (2018)

Certification in Data Science Johns Hopkins University (2018)

Projects:

Custom built computers for myself and others for 6 or 7 years. Mostly gaming machines with a preference toward Asus Tuf motherboards, Corsair cases and ram by Crucial.
