OBJECTIVES

I graduated from Excelsior College in 2020 spring with a degree in Information Technology with a concentration in Cyber Security. My goal is to expand my knowledge and experience in Information Technology to enter the network technology field with mastering network automation. Currently, I am certified CCNA and preparing for CCNP enterprise certifications to increase my knowledge in a constantly evolving network technology. With your current opportunity, I believe that I can expand my career in the Information Technology industry.

EDUCATION

UNLV 2002
