Professional Experience

FrontEnd Web Developer. *Ranstad Technologies – San Francisco, CA* | December 2019 – June 2020

- Created clean and accessible resume templates using strictly HTML5 and CSS3.
- Develop project concepts and maintain optimal workflow.
- Work collaboratively in teams to maintain communication, work efficiency, and project timelines.

Carpenter. *McNulty Construction – San Francisco, CA* | August 2019 – December 2019

- Executed installation of wooden and metal door jams, closers, and door hardware such as locks and door stops.
- Responsible for installation of baseboard and trim around doors and windows.
- Worked cooperatively with teams to efficiently maintain work standards and project timelines.

FrontEnd Web Developer. *Hip Chat – San Francisco, CA* | September 2018 – July 2019

- Created website layout/user interfaces by using standard HTML and JavaScript.
- Strived to create a visually appealing website that features user-friendly designs and clear navigation.
- Performed and communicated effectively with team members to complete projects in a timely manner.

Codify Academy. *Six Month Coding Bootcamp – San Francisco, CA* | February 2018 – August 2018

- Assimilated the fundamentals of web development by learning HTML/CSS to build responsive websites with the help of Bootstrap.
- Learned JavaScript methods and its functions along with JS libraries such as React and jQuery.
